

ASHLAND LEAF PICKUP

Pickup time!

Each autumn the City of Ashland works with residents to collect fallen leaves from your curb to create clean and safe neighborhood streets in preparation for the winter season. Here are the guidelines and schedule for 2021 Residential Leaf Collection.

Beginning **November 1st**, the city crews will collect leaves along residential streets and will continue until all of the leaves have fallen or inclement weather sets in.

To view the Leaf Pickup map and designated collection dates, please visit the City's website at [ashland-ohio.com/leaf-collection](https://www.ashland-ohio.com/leaf-collection)

Guidelines:

- Rake leaves to the curb or berm prior to 7:00 a.m. on your scheduled day.
- Leaves should be brought to the curb or berm, not in the street or ditches; leaves placed in the street or ditches cause storm sewers to clog and create traffic hazards.
- Place leaves at least 3 feet away from obstructions, such as trees, signs and fire hydrants.
- Park vehicles away from your leaf piles.
- Ensure no rocks, branches, yard waste or other debris are included in leaf piles.

Other Yard Disposal Options:

If you have additional yard waste items, such as grass, flowers, mulch, twigs, or brush trimmings, there are two disposal options:

- » Place yard waste in a paper yard waste bag with a yard waste sticker and call the City Services Department at 419-289-9791 to schedule a pickup.
- » Drop off yard waste bags at the Sanitation Department, 1674 Cleveland Ave. any weekday between 8:00 a.m. and 3:00 p.m.

Your actions make a difference!
